NO MORE WITNESSES
WILL BE SUBPOENAEDASSISTANT SERGEANT-AT-ARMS
WEBBER WHO ARRIVED LAST
NIGHT, INSTRUCTED TO SERVE
NO OTHERS AND TO RETURN
TO WASHINGTON AT ONCE.Assistant Sergeant-at-Arms Webber,
of the United States senate, arrived in
the city last night from Jacksonville
and immediately upon arrival was
handed a telegram instructing him to
make no further service of subpoenas
for witnesses to appear before the
United States senate and testify in
the Swayne impeachment proceedings
and to return to Washington at once.
He will leave at noon to-day for the
capital.En route to this city from Jackson-
ville, where Mr. Webber has been for
some time, he served subpoenas upon
C. L. Wilson, of Marianna, and J. N.
Coombs, of Apalachicola, the latter
being served at his home on Tuesday
night. He had orders to subpoena W.
O. H. Sheppard, T. A. Jennings and
Frank L. Mayes, of this city, but on
yesterday these gentlemen received
telegrams from Sergeant-at-Arms
Ransdell advising them that subpoe-
nas would be served by Mr. Webber
but that their presence was unneces-
sary. All five of the subpoenas were
ordered on behalf of the managers for
the government and instructions to
serve them were received by Mr.
Webber at Jacksonville on Monday
night. He was not advised that the
gentlemen mentioned would not be
required until he reached Pensacola
last night.Mr. Webber gave it as his opinion
last night that the case would in all
probability be concluded within the
next two or three days, possibly on
Saturday. When asked if he believed
that the trial would go over until the
next session of congress Mr. Webber
said emphatically that it would not.
The senate, he said, had ample time
to examine all witnesses necessary if
it so desired before adjournment, and
the fact that no more were to be sum-
moned probably had no significance
other than that all relevant testimony
had been heard.Mr. Webber left here for the pur-
pose of enforcing the appearance of
President Durkee of the Florida East
Coast railroad who had been summon-
ed but who answered the summons
by sending the certificate of a physi-
cian to the effect that he was unable
to appear. Mr. Durkee evidently got
a tip that Mr. Webber had been sent
for him and pulled out for Washing-
ton on the connection of the train
upon which Mr. Webber arrived in
Jacksonville.Mr. Webber said that J. N. Coombs,
of Apalachicola, was thunderstruck
when he presented himself at the
Coombs residence and, after announc-
ing himself as a gentleman who had
just arrived and desired to see Mr.
Coombs upon urgent business was
ushered into the presence of that gen-
tleman. Mr. Coombs later admitted
to him that he had instructed every-
body who might by any possibility
see Mr. Webber, to telegraph him im-
mediately the Washington man was
discovered to be within a hundred
miles of Apalachicola. Mr. Webber
thought possibly Mr. Coombs would
be given a tip of his approach and,
consequently, passed himself off as a
drummer and got into town without
any one being the wiser.Mr. Webber, when asked for his
opinion of Pensacola, said that he con-
sidered this city the most promising
in the state of Florida. He spoke
highly of the many advantages pos-
sessed and said it was his belief that
it would eventually be one of the most
important in the country.and fines imposed upon the remainder
amounting to \$32.
George H. Gehrich and wife, of
Buffalo, N. Y., and Mr. and Mrs. N. E.
Brown, of St. Joseph, Mich., are recent
additions to the Pensacola winter
colony. Mr. and Mrs. Brown are on
their way home from a trip through
South Florida.The pupils under Miss Ray, grade
7 C, of the High School, have a liter-
ary society in which a great deal of
interest is manifested. Oliver Braw-
ner is president and Pearl Herman
secretary and all of the members are
doing extremely nice work.ADVANCE GUARD
OF BIG FLEETBROOKLYN WILL REACH HERE
MARCH 12 FOR PRACTICE
AND WILL REMAIN UN-
TIL SQUADRON
DEPARTS.The Pensacola navy yard authorities
have been officially advised that the
cruiser Brooklyn, which is now at New
Orleans undergoing repairs, has been
ordered to Pensacola for practice
and will remain until the final
departure of the big squadron which
will reach here after the Brooklyn's
arrival.The fleet is now at maneuvers in the
vicinity of Guantanamo and will sail
for this port some time next month.APALACHICOLA TO
HAVE A RAILROADSURVEY HAS BEEN MADE AND
SUBSCRIPTIONS FOR BONDS
ARE NOW BEING
TAKEN.Gentlemen interested in the scheme
are going over the route of the pro-
posed railroad, recently surveyed be-
tween Bainbridge, Ga., and Apalachi-
cola, soliciting subscriptions to the
bonds of the new line and, it is said,
they are meeting with good success.
The new line as now surveyed, will
cross the line from this city to Jack-
sonville somewhere between Quincy and
Marianna, and it is possible that one
of those places will be touched by it.
Apalachicola is badly in need of a
railroad connection and, if the line
now proposed is built, the town will
take on new life and undoubtedly
grow to a thriving city.CANAL WORK
IS PROGRESSINGCOMMISSIONERS MAKE FLAT-
TERING REPORTS OF CONDI-
TIONS IN CANAL ZONE.By Associated Press.
New York, Feb. 22.—Reports of the
substantial progress in the actual
work of digging the great Isthmian
Canal were brought to this city to-day
by Canal Commissioners William Bar-
clay Parsons and W. H. Burr, who ar-
rived on the steamer Allcinia, from
Colon.Professor Burr made the subjoined
statement:
"At Panama and Colon the laying
of sewers and water pipe is progress-
ing steadily, so that in the near future
both of these cities will for the first
time be furnished with a system of
sewers and water supply, with abun-
dant of wholesome water. The pres-
ence of yellow fever is to be regret-
ted, but was to be expected, as this
disease is always present in the tropical
countries of America, unless long
continued sanitary precautions have
been taken. Prior to the sanitary
work of the commission no precau-
tions or scientific measures have been
taken on the isthmus to guard against
this disease. The same medical officers
who succeeded in eliminating the fever
from Havana are now repeating the
crusade in Panama. Beyond any
question equally successful results
will be produced. At the present
time there is nothing approaching an
epidemic, and the conditions are
greatly improved over those found in
previous years. Some of the news-
paper accounts that have reached the
isthmus from the north were much
exaggerated."The committee returned more than
satisfied with the general conditions
of the enterprise, and believes that
completion can be attained in less
time than is popularly supposed.
Some time has, of necessity, been de-
voted by the engineering staff to the
study and investigation of certain de-
tails not fully determined by the
French. This preliminary work is
now really ended, and the actual work
of construction on a large scale has
soon begun."Mr. Parsons' attention was called to
the investigation of the affairs of the
Panama railroad, and in the matter of
fees, said:
"These fees are all right, we all got
them. All corporations pay them. Ten
dollars is handed each director after
each meeting. They amount to \$150
to \$100 a year."Judge G. F. Little, who will defend
a lottery company's right to sell lot-
tery tickets in the canal zone, also ar-
rived on the Allcinia. The case is
on appeal to the supreme court of the
United States.JOCKEY SHOTS WIFE THREE
TIMES BUT NOT FATALITY.New Orleans, La., Feb. 22.—William
("Monk") Coburn, the jockey, pain-
fully shot his wife three times this
afternoon in the Reynolds boarding
house on Canal street, near Dryades
street. The woman is wounded in the
arm and back, left thigh and abdomen.
It was believed that the latter wound
would prove fatal, but at the hospital
it was found that the abdomen had
not been penetrated.

eighteen-horse power boiler in a build-
ing on Furnace street, has informed
the police that about 2 o'clock last
Tuesday morning two men and a wo-
man entered the boiler room and
while one man covered him with a
brace of revolvers, the other threw a
package into the fire pot on the red
hot coals.McCafferty says he heard the

Happy Results.

Have Made Many Pensacola Residents
Enthusiastic.No wonder scores of Pensacola citi-
zens grow enthusiastic. It is enough
to make anyone happy to find relief
after years of suffering. Public
statements like the following are but
truthful representations of the daily
work done in Pensacola by Doan's
Kidney Pills.Mrs. David C. Wilson, wife of Capt.
David C. Wilson, of the tug boat Col-
umbia, and residing at 26 South Reus
street, says: "If Doan's Kidney Pills
had not benefited me nothing could
induce me to recommend them either
publicly or privately. I had a never-
ceasing pain in the small of my back
that made me nervous, and when I
went about my work around the house
the pain would be intense. Other
symptoms of kidney complaint were
noticeable and I decided to try to
check the trouble before it became
too deep-seated. And I sent to
Sidney Kahn's drug store, No. 9
South Palafox street, and got Doan's
Kidney Pills. Their use strengthened
my kidneys, banished the backache
and prevented the lingo and depres-
sion that I felt mornings. I could do
my housework without suffering, and
I regained my usual energy and
health."For sale by all dealers. Price 50

Perishable Pearls.
Pearls are perishable. They cannot
be considered a first rate investment
like diamonds. After a time they de-
cay. Sometimes a fine specimen will
lose its luster and beauty within a few
months, so that the possessor of such
treasures does well to keep them put
away in a sealed place. They consist
of thin films overlaid one upon another,
with more or less animal matter be-
tween the layers, and it is no wonder
that they deteriorate.Qualified His Statement.
